## **Meadows Field Airport Announces New Morning Flights**

Meadows Field Airport (BFL) is excited to announce local flight options are expanding for travelers, with an added morning departure to San Francisco.

Starting this week, BFL will offer the following flights:

- **United Airlines to San Francisco** – Departing at 6:00 AM
- **United Airlines to Denver** – Departing at 5:25 AM
- **American Airlines to Dallas** – Departing at 6:10 AM
- **American Airlines to Phoenix** – Departing at 6:10 AM

Given the high volume of departures within a short period of time, travelers are advised to arrive at the airport at least 1.5 hours prior to their departure.

To ensure a smooth journey, flyers are encouraged to review the TSA guidelines for the latest checkpoint restrictions and travel tips. Additionally, it is recommended all flyers check their airline's travel requirements and any flight updates prior to arriving to the airport.

Meadows Field Airport extends its thanks to all travelers for their continued support. Their patronage is instrumental in BFL's mission to enhance and expand airport services.

BFL is committed to improving its travel experience with new destinations, larger aircrafts for added comfort and capacity, additional TSA checkpoint lanes for shorter wait times and dedicated TSA Pre-Check services, and enhanced services within the terminal to better serve travelers' needs.
